

The University of Al-Qadisiyah

Global Strategic Profile | 2025–2026 Edition

Academic Heritage since 1987 • Al Diwaniyah, Iraq

A Strategic Gateway in the Middle Euphrates

Bridging Mesopotamian heritage with world-class, English-medium scientific research.

Scale

35,000+ Academic Community

Productivity

6,600+ Scopus-Indexed Publications

Quality

Multi-Ranked Globally (THE, Leiden, SCImago)

Frictionless

100% English-Taught STEM/Health Programs

Heritage

World-Class Expertise in Mesopotamian Archaeology

Established:
23 December 1987

Classification:
Comprehensive
Public University

Recognition:
Ministry of Higher Education
and Scientific Research, Iraq

Inheritors of the First Civilizations

Situated adjacent to the ancient city of Nippur, Al-Qadisiyah serves as the foundational nucleus for higher education in southern Iraq. We leverage our unique geographic position to drive an aggressive internationalization strategy—protecting the past while engineering the future.

A Dynamic Academic Metropolis

31,965
Total Enrolled Students

18
Comprehensive Academic Colleges

7
Total Students Academic Colleges

138+
Degree Programmes
(93 Undergraduate / 45 Postgraduate)

3,257
Postgraduate Candidates
(Master's & PhD)

18,387
Morning Undergraduates

10,321
Evening Undergraduates

Comprehensive Academic Disciplines

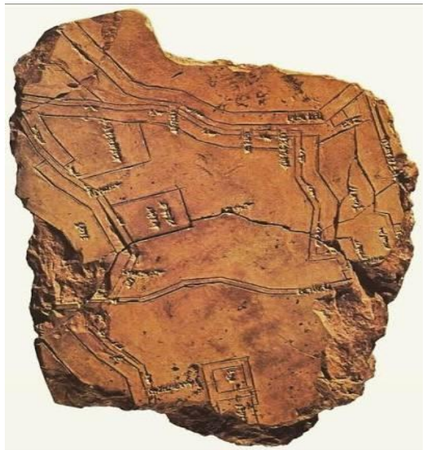

Health & Life Sciences	Engineering & Technology	Humanities & Society	Education & Environment
Medicine Dentistry Pharmacy Nursing Veterinary Medicine	Engineering Materials Sciences Computer Science Mathematics Hard Sciences	Arts Archaeology Humanities Law Administration Economics	Education Sciences Teacher Education Physical Education Agriculture

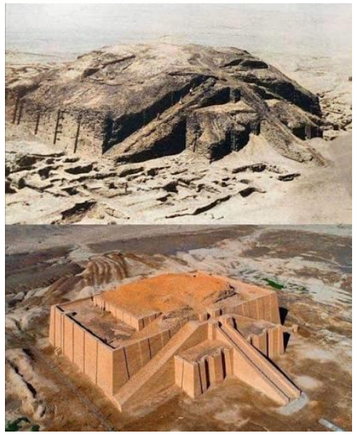

Undergraduate degrees since 1987 | Master's programmes since 1993 | Doctoral programmes since 1998

Advanced Health & STEM Innovations

Delivering highly technical curricula strictly aligned with global standards. To ensure seamless integration for international exchange, joint supervision, and global academic collaboration, the Medium of Instruction is fully in English across all advanced scientific disciplines.

- Medicine
- Dentistry
- Pharmacy
- Engineering
- Applied Sciences

Fostering Justice, Culture, Culture, and Society

Beyond the hard sciences, Al-Qadisiyah is a cultural epicenter. From rigorous legal scholarship to vibrant contemporary arts exhibitions, we cultivate the societal frameworks and creative minds that will guide the region's future.

College of Law Jurisprudence

Fine Arts & Gallery Exhibitions

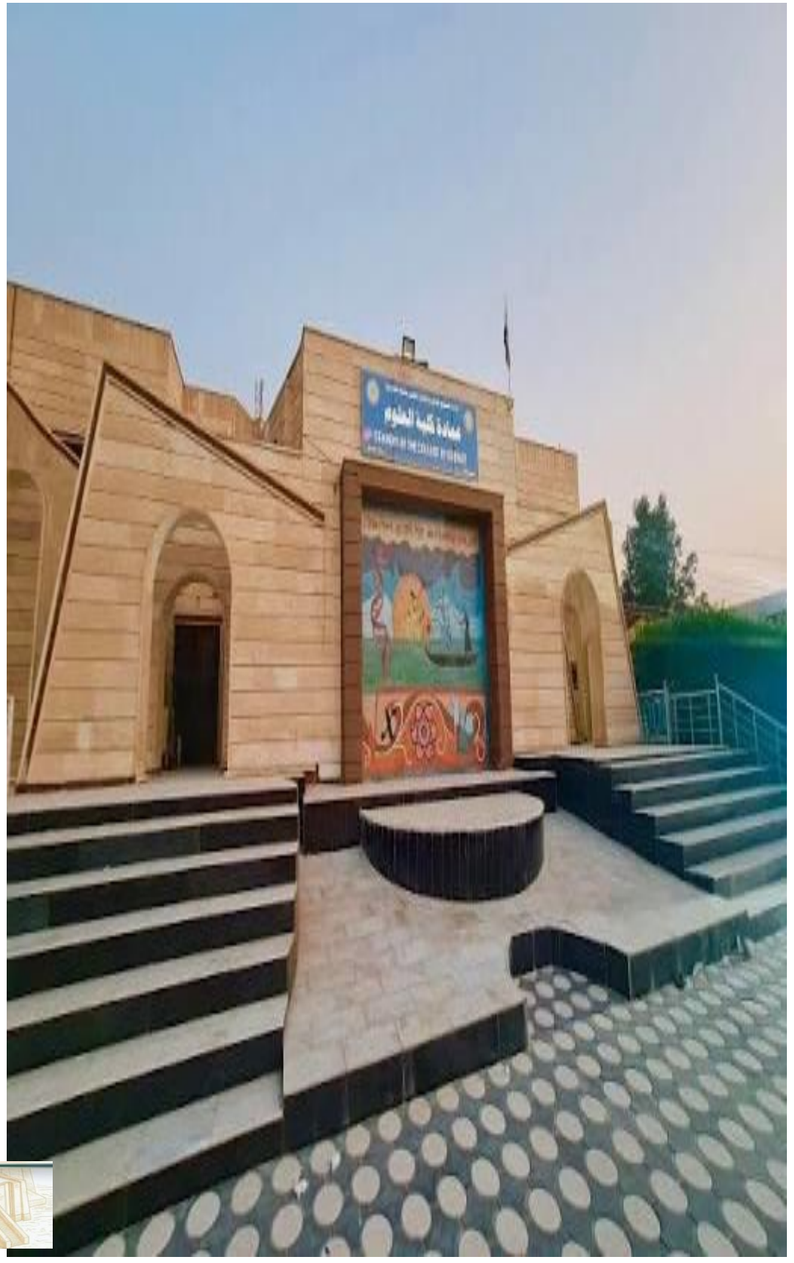

Social Administration & Economics

Cataloging & Preserving Ecosystems

The Academic Natural History Museum serves as a vital hub for biodiversity research, ecological conservation, and applied biological sciences in Iraq. It provides primary research materials and specimens that power our environmental and agricultural faculties.

Driving 1,400+ Scopus outputs in Environmental & Agricultural sciences.

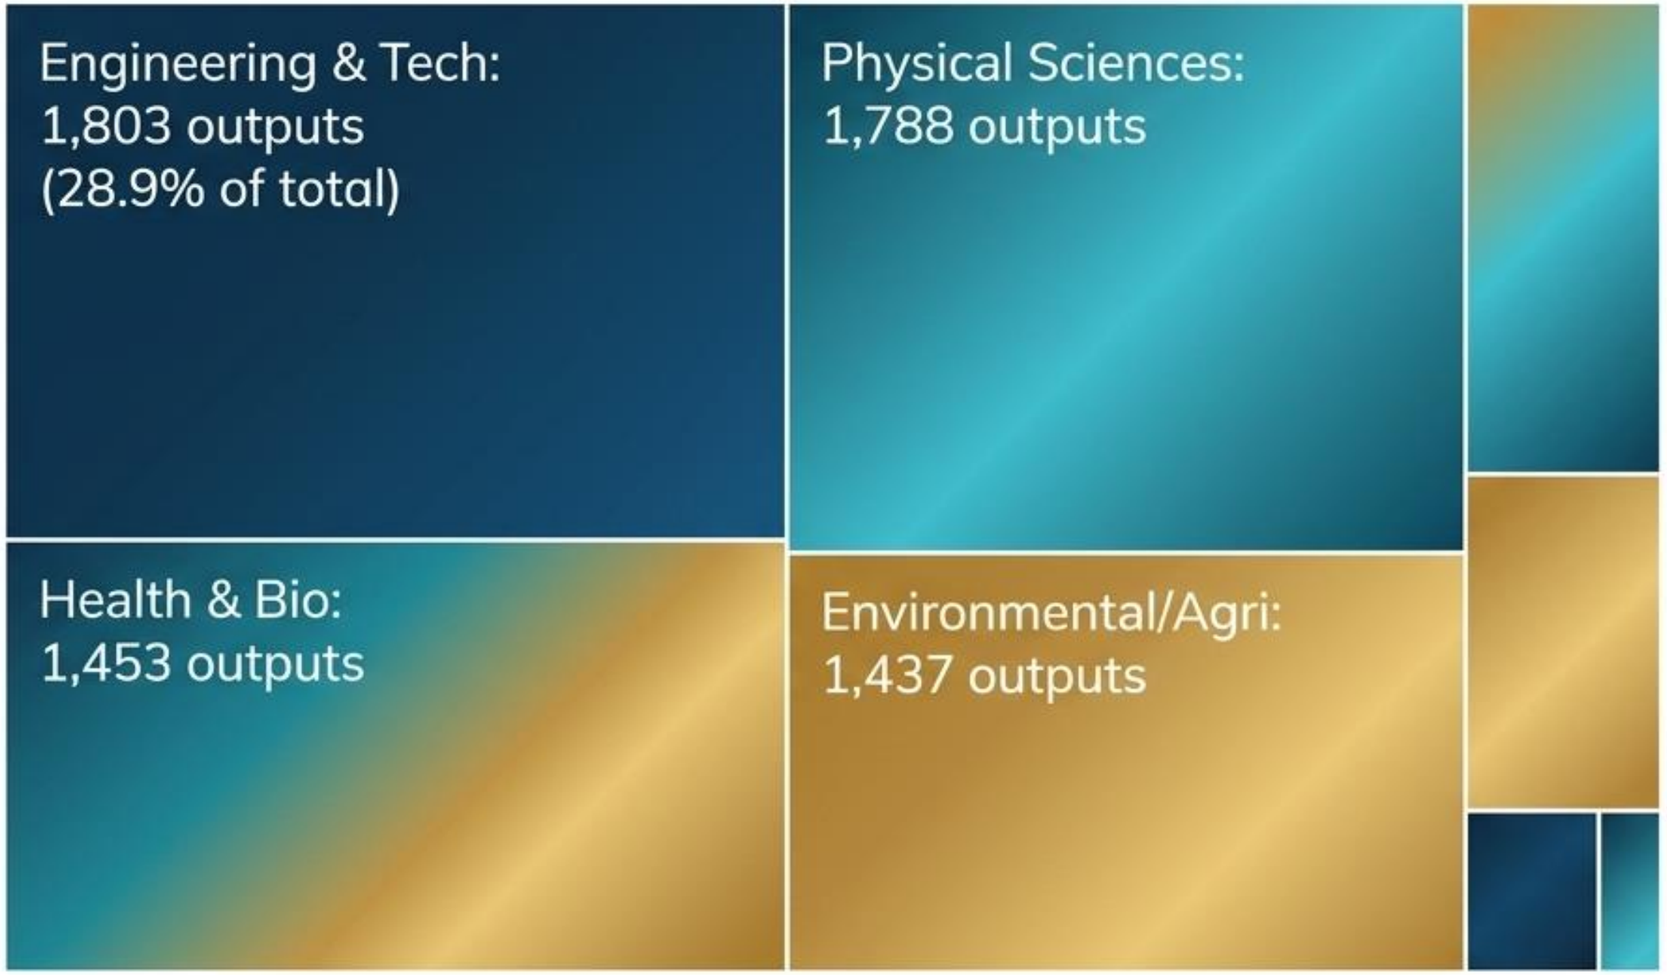

Accelerating Global Knowledge

6,646

Total Scopus Documents

2,902

Active Scopus Authors

Strategic Global Partnerships

EU Node

Trusted partner in European Union capacity-building programmes (WALADU, EDUU, BANUU) alongside the University of Bologna and European partners.

UK Node

Strategic MoU established in 2023 with Durham University for archaeological protection and scientific research.

Germany & Global Node

Active cooperation with Friedrich-Alexander-Universität Erlangen-Nürnberg and United Nations bodies.

Why Partner with Al-Qadisiyah?

Substantial Scale

Access to a diverse community of 31,900+ students and 3,250+ postgraduates.

High Productivity

6,646 Scopus-indexed papers driven by 2,900+ active faculty.

Recognized Quality

Multi-ranked globally (THE, Leiden, SCImago, URAP).

Frictionless Exchange

STEM and Health programmes taught entirely in English.

Unique Heritage

Strategic geographic position with world-class expertise in Mesopotamian archaeology.

DEPARTMENT OF SCHOLARSHIPS AND CULTURAL RELATIONS

Office of Scientific Affairs, Main Campus | Al Diwaniyah, Al-Qadisiyah Governorate, IRAQ
